2. Matters raising
 - a Village signs: KT confirmed that funding is available now for a sign on the approach to the village from Huggate hill. Installation costs could be reduced with use of local labour. This will be investigated by KT.

4. AOB
 - a Drainage on Martinholme: This is an ongoing problem resulting in flooding on the main street during heavy rain. GB will contact NYCC to assess what further work is possible to reduce the risk of water ingress into properties.
 - b Vehicle speeds: DG reiterated concerns from some residents about the speed of vehicles along the main street. DG added that there is no speed limit other than the default 60mph for country roads. To implement a speed restriction requires certain conditions to be satisfied including street lighting, a history of collisions and whether it is enforceable. The committee shared residents concern and would continue to monitor the situation.
